I. INTRODUCTION

Inmar submits this Stewardship Plan (“Plan”) for Unwanted Covered Drugs in compliance with the Ordinance Code of Contra Costa County, California, Title 4. Division 418 Refuse, Chapter 418.16 Safe Drug Disposal §§ 418-16.202 through 418-16.228 (“Ordinance”). As required under the Ordinance § 214(b)(1), Inmar will require all entities participating in the Plan to operate in compliance with federal, state and//local all laws, regulations, and other legal requirements including but not limited to the U.S. Code of Federal Regulations, Title 21. Food and Drugs, Chapter II. Drug Enforcement Administration, Department of Justice.

II. DEFINITIONS

- **Collector:** any person or government agency authorized as a collector by the United States Drug Enforcement Administration (“DEA”) as defined in 21 CFR (Chapter II) Part 1300 § 1300.01 that collects covered drugs in an approved stewardship program.
- **County:** Contra Costa County, California
- **Covered Entity/Resident:** people living in The County, including individuals living in single and multiple-family residences and other residential settings.
- **Drop-Off Site:** location with an Inmar Kiosk accessible to the residents of the County for the collection of Unwanted covered drugs.
- **IPSP:** Inmar Product Stewardship Plan
- **Kiosk Collection Kit:** Box filled with the supplies needed for the collection of Unwanted covered drugs at Kiosk drop-off locations. For the purposes of the IPSP, Kits are provided in bundles of three (3) on initial Kiosk set-up and on each subsequent replenishment of Kits to a Kiosk drop-off location.
- **Educational Materials Required Languages:** English, Mandarin, Punjabi, Russian, Spanish, and Vietnamese

All other capitalized terms throughout this Plan not otherwise defined in this section shall have the same meaning as the terms defined in Ordinance § 418-16.202.

III. OVERVIEW

Inmar's Product Stewardship Plan ("IPSP") is compliant with the Contra Costa Safe Drug Disposal Ordinance. The IPSP provides for safe, secure, and convenient access to Unwanted covered drug drop-off locations on an ongoing basis for residents across the county and will be funded and paid for in accordance with Ordinance § 418-16.220. The IPSP will accept all Unwanted covered drugs regardless of who produced them and there will be no point-of-sale or point-of-collection fee charged to any residential generator.

As required under Ordinance § 418-16.208, IPSP includes the following components:

- **Contact Information:** List and contact information for producers participating in the plan and the plan operator
- **Drug Collection Information:** A description of the collection systems to be used compliant with §418-16.214(a) including a list of collection methods, collectors, drop-off sites.
- **Drug Disposal:** A description of the handling, transporting, and disposal systems to be used of the collected unwanted covered drugs.
- **Policies and Procedures:** A description of the policies and procedure to be followed by persons handling/collecting unwanted covered drugs.
- **Education & Outreach** A description of Inmar's public education outreach and promotion strategy including signage, standardized instructions, establishment of a toll-free-number, plan website promotional materials.
- **Consumer Privacy:** A description of the patient information on drug packaging will be kept secure during collection; transportation; and recycling/disposal.
- **Goals:** short-term and long-term goals for collection amounts and public awareness; and
- **Miscellaneous:** considerations for use of existing pharmaceutical waste services, separation of covered drugs from packaging where possible and recycling of drug packaging where feasible.

IV. PARTICIPANTS

A. Inmar Plan Liaison

Domingo Isasi
Vice President
Consumer Drug Take Back Solutions
635 Vine Street
Winston Salem, NC 27101
Email: domingo.isasi@inmar.com
Phone: 336-770-3588

B. Inmar Program Operator

Nick Massaro
Manager
Consumer Drug Take Back Solutions
635 Vine Street
Winston Salem, NC 27101
Email: nisholas.massaro@inmar.com
Phone: 336-770-1992

C. Producer(s)

1. Participating Producer(s) Contact Information

Unichem Pharmaceuticals, USA
Sanjeev Parab
Director, Finance
1 Tower Center Boulevard, Suite 2200
East Brunswick, NJ 08816
Email: sparab@unichemusa.com
Phone: 732-253-5954

2. Notice of Intent

Notice of Intent from Unichem Pharmaceuticals, USA is provided in Appendix H.

As required in Ordinance § 418-16.206(a), Inmar will annually provide the required written “notice of intent” to participate in the IPSP program to the health office for all non-participating or new retail pharmacies located in the county.

D. Collector(s)

As required under Ordinance §§ 418-16.218(c), within six (6) months after the end of the first year (12-month period) of operation of the approved IPSP, Inmar will provide a list of all Collector(s) and drop-off sites participating in the IPSP. Additionally, a list of all Collector(s) and drop-off sites participating in the IPSP will be submitted annually with the required reporting.

V. COLLECTION OF UNWANTED COVERED DRUGS

A. Participating Plan Collector Outreach

Inmar will reach out to its current Rx returns customer base of two hundred and sixty-six (266) Collectors and to other potential Collectors, giving preference to retail pharmacies and law enforcement agencies, to voluntarily become authorized drop-off sites for the collection of unwanted covered medicine.

B. Compliance with Applicable Laws, Regulations, and Other Legal Requirements

Inmar will require all entities participating in the Plan to operate in compliance with all federal, state and/local laws, regulations, and other legal requirements by developing and implementing a core set of compliance policies, operating procedures, and compliance measures. Retail locations will be required to sign a Collector agreement prior to being established as a drop-off location. (See Appendix E - Collector Agreement Template). Failure by a potential Collector to sign the IPSP Collection Agreement could result in exclusion from the IPSP.

C. Compliance with State of California Board of Pharmacy

California State Board of Pharmacy Regulations, Article 9.1 of Division 17 of Title 16 of the California Code of Regulations defines the requirements applicable to Collectors conducting drug take-back services in California. All Collectors participating in the IPSP will be individually responsible for complying with their applicable compliance obligations under the California State Board of Pharmacy Regulations.

D. Collection of Unwanted covered drugs will begin at collection locations once agreements have been executed with each location, kiosks have been installed, sites have been trained, and, in the case of pharmacies, all requirements of the DEA and the California State Board of Pharmacy have been met

E. Service Convenience Goal

1. To allow for reasonably convenient and equitable access throughout the county, Inmar will provide a minimum of three (3) drop-off sites in each of the five supervisorial districts in the county to the greatest extent possible as required under Ordinance §§ 418-16214(a)(2). Drop-off sites will be established through signed Collector Agreements, giving preference to retail pharmacies, and/or law enforcements agencies willing to serve voluntarily as a Collector. Any Collector that is not a law enforcement agency will utilize the IPSP collection bins in compliance with all applicable legal requirements.
2. Inmar will include as a Collector any retail pharmacy and/or law enforcement agency able to satisfy the requirements of the IPSP within three (3) months of the offer to participate as specified in Ordinance §418-16.214(a)(4).
3. In any of the five (5) supervisorial districts of the county where a minimum of three (3) drop-off sites are not established, Inmar will supplement the collection and disposal of Covered drugs through mail-back services and/or take-back collection events. Mail back services and/or take-back events will continue until the minimum number of drop-off location have been established.

V. COLLECTION OF UNWANTED COVERED DRUGS (continued)

E. Service Convenience Goal (continued)

4. Inmar will provide convenient access to free mail-back services through the IPSP LifeInCheck™ Consumer Drug Take-Back website or toll-free telephone number for any resident of the county who is disabled and/or homebound as required under Ordinance §418-16.214(a)(5).

(See Appendix A-1 - Confirmed Drop-Off Sites, Appendix A-2 - Potential Drop-Off Sites, Appendix A-3 Confirmed Mail-Back Sites, Appendix A-4 Target Mail-Back Sites to meet Service Convenience Goals)

F. Collection Methods

1. Drop-box

a. Specifications & Security

As required under the Ordinance §418-16.214(a)(1), Inmar's drop-box ("Kiosk") is constructed with built in security features, internal removable components that provide environmental protection from unwanted drug residue components, and is compliant with all California Board of Pharmacy requirements and all applicable federal, state and local laws.

(1) Construction

- (a) Sixteen (16) gauge cold-rolled steel
- (b) Rated two hundred seventy-five-pound box with a removable 6 mil liner. Liners are either 18 gallons or 35 gallons dependent upon geographical location and population density of the Kiosk location.

(2) Security

All Kiosks will be installed in the line of sight of the Authorized Collector and bolted to the floor or to a permanent structure and are equipped with the following security features:

- (a) 4-point locking system with hidden steel deadbolts that are activated when locked for strengthened security.
- (b) small drop door that allows for Unwanted covered drug to be added to the box but does not allow for removal of Unwanted covered drug from the box liner once dropped.
- (c) drop door lock
- (d) an extended tongue drop-slot on each Kiosk used to identify when the container is nearing capacity and that the unwanted collected medicine should be packaged and transported to the disposal/destruction site; and

- (e) an internal container and inner liner that protect against puncture and provides a barrier to prevent liquid seepage and/or spillage.

V. COLLECTION OF UNWANTED COVERED DRUGS (continued)

F. Collection Methods (continued)

1. Drop-box (continued)

b. Signage

Kiosk signage will be prominently displayed and will include: (1) the IPSP twenty-four (24) hour toll-free telephone number and website location; (2) the appropriate regulatory signage; and (3) instructions to strike out any personal information from the Unwanted covered drug packaging prior to dropping into the Kiosk including an instruction to strike out any personal information from Unwanted covered drug packaging before dropping into the Kiosk. (See Appendix B – Kiosk Signage)

V. COLLECTION OF UNWANTED COVERED DRUGS (continued)

F. Collection Methods (continued)

1. Drop-Box (continued)

c. Establishing Locations and Servicing

(1) Initial Set-up

Each Authorized Collector is issued a collection Kiosk, Kiosk Key, instructions for the installation, removal, and shipping of the Unwanted covered drug collected in Kiosk and a start-up Unwanted covered drug Kiosk Collection Kit (KCK) bundle of three (3). Each KCK within the bundle contains the following:

- (a) prepaid and pre-labeled collection/shipping cardboard box with a unique serialized identification number for tracking of the KCK from the Authorized Collectors location to the IPSP's hazardous waste incinerator facility partner for disposal/destruction.
- (b) serialized 34"x40" opaque collection liner with black zip tie; and
- (c) absorption pad for placement in the bottom of the inner liner bag.

(2) Auto-Replenishment

- (a) Individual KCK's in a bundle of three (3) are tracked using the serialized identification tracking number associated with the prepaid and pre-labeled collection/shipping information on the cardboard box.
- (b) Upon receipt of the second KCK from an Authorized Collector for destruction, a new KSK bundle is generated and provided to the Authorized Collector's Kiosk drop-off location so that enough supplies are continuously available for Unwanted covered drug collection.

d. Training

Inmar will provide instruction and resource material to Authorized Collectors so that the drop-off collection sites are operating in compliance with applicable laws, regulations, and other legal requirements. (See Appendix C – Training Material)

e. Hours of Operation

Residents will have access to drop-off sites during all hours that the Authorized Collector is open for business to the public.

V. COLLECTION OF UNWANTED COVERED DRUGS (continued)

F. Collection Methods (continued)

2. Mail-Back Service

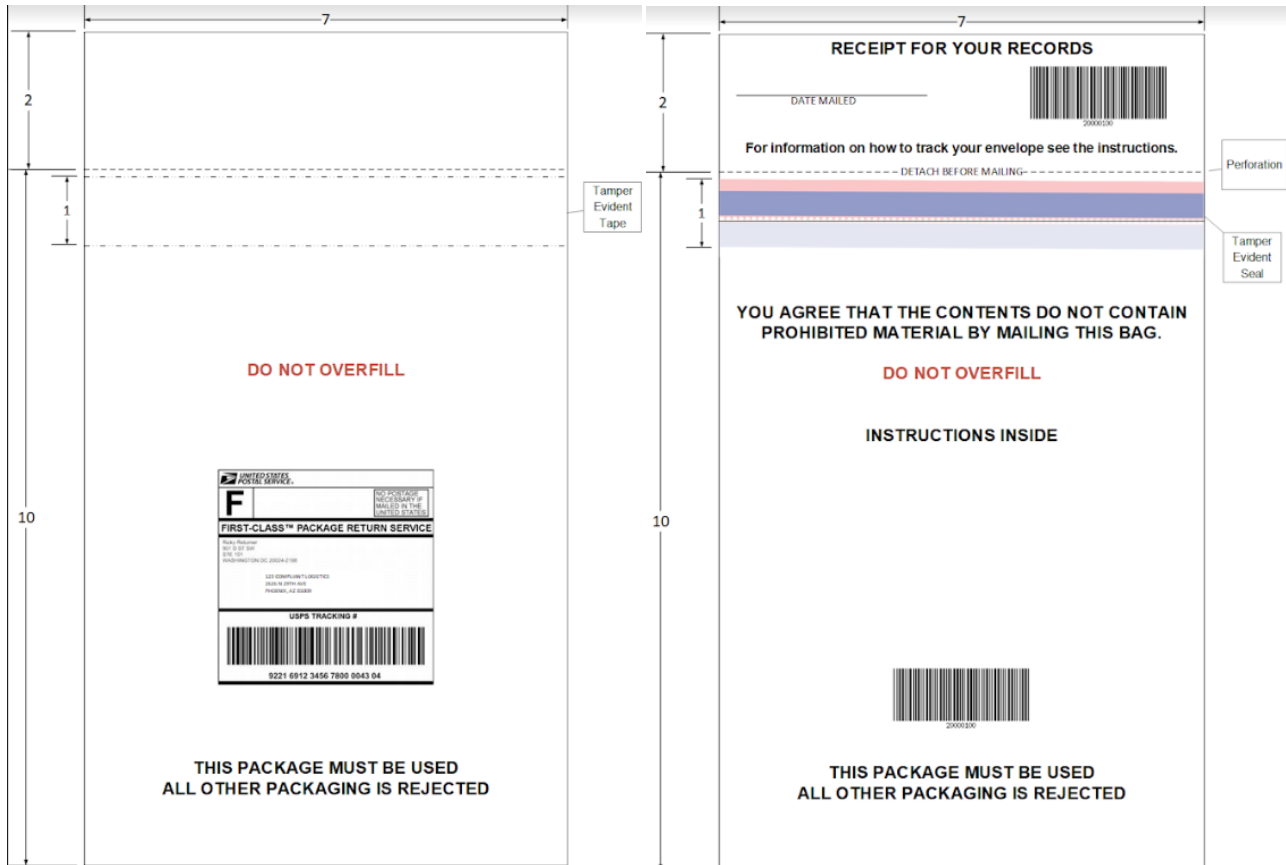

Mail-back services will be made available to residents who are differentially-abled and home bound and to person providing services to differentially-abled and home bound residents, including hospice service providers, to long-term care facilities, and certain areas of the county until service convenience minimum number of drop-off locations have been established

a. Mail-back Envelope Specifications

As required under 21 CFR § 1317.70(c), mail-back collection envelopes will:

- (1) be nondescript and have no markings/information that might indicate that the envelope contains Unwanted covered drug.
- (2) Pre-paid and Pre-addressed.
- (3) be water and spill-proof, tamper-evident, tear-resistant, and sealable.
- (4) be marked with a unique identification number that enables the package to be tracked.
- (5) include instruction to strike out any personal information from Unwanted covered drug packaging before placing in the envelope; and
- (6) include instructions for the user that indicate the process for mailing back the package, the substances that can be sent, notice that packages may only be mailed from within the customs territory of the United States (the 50 States, the District of Columbia, and Puerto Rico), and notice that only packages provided by the collector will be accepted for destruction.

Envelope Example shown on next page:

Front

Back

V. COLLECTION OF UNWANTED COVERED DRUGS (continued)

F. Collection Methods (continued)

2. Mail-Back Service (continued)

b. Mail-Back Envelope Distribution and Servicing

(1) Disabled and/or Homebound

Mail-back Services will be available on-going to disable and/to homebound residents of the county through the current approved Plan website or toll-free telephone number.

(2) Underserved Supervisorial Districts

Mail-back envelopes will be provided to approved distribution locations in any of the five (5) supervisorial districts where the minimum of three (3) drop-off collection locations have not been established. Mail-back services will continue in any underserved supervisorial district until three (3) drop-off locations have been established pursuant to Ordinance §418-16.214(a)(2).

(3) Mail-Back Distribution Sites

Appendix A-3 represents locations that have agreed to be Mail-back envelope distribution sites. Standard Mail-back envelopes in batches of 20 will be provided to each of these sites along with information brochures for County Residents on how to request Inhaler Envelopes and Auto-Injector Mailers via the Plan website and toll-free number.

Appendix A-4 represents targets locations we are intended secure as Mail-back sites upon approval.

3. Take-Back Events

- a. As required under Ordinance §418-16214(a)(2)(A), periodic take-back events will be held in any of the five (5) supervisorial districts where the minimum of three (3) drop-off collection locations have not been established.
- b. Periodic take-back events will be held a minimum of once per quarter in at least three (3) locations within the underserved supervisorial district and will be accessible to residents for Unwanted covered drug drop-off for a minimum of six (6) hours per event.
- c. Take-back events will be conducted in compliance with CFR 1317.65, and any requirements of the overseeing law enforcement agency and will in any underserved supervisorial district until three (3) drop-off locations have been established pursuant to Ordinance §418-16.214(a)(2).

VI. DISPOSAL OF UNWANTED COVERED DRUGS

A. On-Site Pick-Up

1. Kiosk

- a. On-site pick-up of Unwanted covered drug Kiosk contents will be provided to Authorized Collector's participating in the IPSP if they so choose. Preparing Kiosk contents for shipment to the IPSP's hazardous waste incinerator facility partner for disposal/destruction will be done by a qualified IPSP representative and will be supervised by at least two (2) authorized employees of the Collector as required under 21 CFR § 1317.75 (g).
- b. Prepared Kiosk contents will be transported by the IPSP common/contract carrier partner ("Fed-Ex") to the Clean Harbors Aragonite or Covanta Environmental Solutions DEA Reverse Distributor Facility disposal/destruction facility as required under 21 CFR § 1317.05 (a) (2).
- c. Kiosk service schedules/intervals will be established at each Kiosk location based on collection trends and will be adjusted as needed to avoid Kiosk reaching collection capacity before scheduled collection intervals. Until collection patterns of use have been established, IPSP representatives will work with the Collector to establish initial collection service intervals for each Kiosk location.
- d. The IPSP Help Desk will be provide on-going support to Collectors for all collection activities including but not limited to preparing Kiosk contents for shipping, collection kit replenishment, collection service scheduling, requests for pick-up outside of service schedule(s) and to respond to telephone, email, and/or on-line requests for support.

2. Take-Back Event

Unwanted covered drugs collected will be removed, from collection receptacles sealed, and package by IPSP authorized personnel in accordance with 21 CFR 1317.75 and transported by the IPSP contracted/common carrier to the Clean Harbors Aragonite DEA Reverse Distributor facility for disposal/destruction.

B. Self-Service Return

1. Kiosk

Inmar will provide return process training, step-by-step instructions, and job-aids to any Authorized Collector electing to self-serve the return of Unwanted covered drug collected at their Kiosk drop-off location. (See Appendix C – Training Material).

2. Mail-Back Envelope

The prepaid and pre-labeled mail-back envelope with serialized identification number for tracking is sent directly to the Clean Harbors Aragonite facility for disposal/destruction. Pursuant to 21 CFR § 1317.70(f), mail-back envelopes will not be opened, x-rayed, analyzed, or otherwise penetrated upon receipt at the Clean Harbor Aragonite DEA Reverse Distributor Facility.

VI. DISPOSAL OF UNWANTED COVERED DRUGS (continued)

C. Documentation and Tracking

Inmar will track the collection of Unwanted covered drugs from initial collection through final disposition/destruction at the Clean Harbors Aragonite DEA Reverse Distributor facility (as illustrated below).

Shipment from Inmar

Receipt at Collection Site

Storage and Use at Collection Site

Sealing and Shipment from Collection Site

Arrival and Destruction at Destruction Facility

As part of the IPSP, all Collector's participating in the plan will be required to contribute to and retain tracking records for each collection Kit, Envelope and/or inner liner shipped to and from their authorized collection location by completing the form.

DRUG DISPOSAL SERIALIZATION TRACKING SHEET INNER LINER TRACKING FORM

Serialization Tracking Sheet should be validated by 2 pharmacy employees.

		Sally Smith <i>Sally Smith</i>	<i>Sally Smith</i>	Sally Smith <i>Sally Smith</i>	<i>Sally Smith</i>	Sally Smith <i>Sally Smith</i>	<i>Sally Smith</i>	Sally Smith <i>Sally Smith</i>	<i>Sally Smith</i>

Inmar will be the official repository of applicable Plan collection, transporting, a destruction records r required under 21 CFR Chapter II – Drug Enforcement Administration.

VI. DISPOSAL OF UNWANTED COVERED DRUGS (continued)

D. Transporting and Destruction Partners

All Unwanted covered drugs collected by Collectors participating in the IPSP will be transported by the IPSP common/contract carrier partner (“Fed-Ex”) to licensed and permitted to transport Unwanted covered drugs to 123 Compliance Logistics, a DEA Reverse Distributor-Collector. All mailers will be sent via USPS to 123 Compliance Logistics. Logistics will record the following information upon receipt of every individual Kiosk Container (including inner liner) and all Mail-Back Packages:

- Date received
- Serialized barcode label information
- FedEx Tracking information (Kiosk containers only)
- Weight
- Date transported to disposal facility
- Disposal Date
- Manifest number (if applicable)

All information recorded will be transferred back to Inmar on a daily basis as part of the electronic raw data file via SSH File Transfer Protocol (SFTP). Any discrepancies observed at 123 Compliance Logistics will be recorded on discrepancy reports to prompt any corrective action.

123 Compliance Logistics operates in full compliance with DEA § 1317.75(c) which prohibits handling substances after they have been deposited into a collection kiosk.

All Unwanted Covered Drugs shipped directly to 123 Compliance Logistics will be transported using their contracted, licensed hazardous waste transporter, TransChem Environmental to the appropriate disposal facility to be incinerated quickly, securely, efficiently and in accordance with all DEA requirements. 123 Compliance Logistics will be responsible for all DEA Form 41 record keeping requirements. Please refer to the table below for the contracted disposal locations Facility disposal/destruction facility as required under Ordinance §418-16. 216(a) and §418-16.216(b).

1. Reverse Distributor(s)

Name	DEA License	Description
123 Compliance Logistics, LLC 2626 N 29th Avenue Phoenix, AZ 85009 Rory Buske Phone: 602-612-4140	DEA Reverse Distributor-Collector #: R90571264	Receives unwanted medicines from USPS and FedEx and witness transports to the Incinerator facility for disposal / destruction

2. Transport Partner(s)

Name	DOT License/Permit	Description
FedEx 3875 Airways Module H3 Department 4634	DOT Permit #: 050417 550 019Z DOT Special Permit #: 20499	Common carrier - Transports collected unwanted medicines from

Memphis, TN 38116 Phone: 1-800-463-3339		Collectors to the Reverse Distributor facility.
USPS		Common carrier – transports mail-back service packages to Reverse Distributor
TransChem Environmental 542 East 27th Street Tuscon, AZ 85713 Phone: 520-829-5651	DOT Registration: #052119550060B	Hazardous Waste Transporter – transports unwanted medicines from reverse distributor to the Incinerator facility for disposal/destruction

3. Destruction/Disposal Partner(s)

Name	EPA ID	Description
Clean Harbors Aragonite, LLC 1600 N. Aptus Rd. Aragonite, UT 94029	EPA ID: UTD981552177	Hazardous Waste Incinerator
Clean Harbors El Dorado, LLC 309 American Circle El Dorado, AR 71730	EPA ID: ARD06974812	Hazardous Waste Incinerator
Veolia ES Technical Solutions, LLC 7665 Highway 73 Port Arthur, TX77640	EPA ID: TXD000838896	Hazardous Waste Incinerator

VII. EDUCATION, OUTREACH & PROMOTION

Inmar will execute a comprehensive and measurable public education, outreach and promotion campaign to engage and encourage county residents to actively participate in the Unwanted covered drug collection options available to them as part of the IPSP.

A. Education

1. Safe Storage, Handling, and Disposing of Covered Drugs

Inmar will provide educational tools in multiple media formats and varying levels of English proficiency and explanatory graphics on the safe storage, handling, and disposing of Unwanted covered drugs.

2. Drop-Off Locations, Take-Back Events, Mail-Back Services and Privacy

Inmar will provide printed materials listing participating collection locations, collection hours, availability of mail-back services, scheduled take-back events, how to locate and use drop-off sites, how to use mail-back services, how to properly dispose of Unwanted covered drugs, and to protect personal information by striking it out of prescription packaging. Educational printed materials will be made available to residents through retailers, health care facilities, and pharmacies, will also be available through the current approved Plan website.

B. Outreach and Support

1. Outreach

Inmar will develop and implement on-going outreach and support programs to encourage participation in the IPSP including but not limited to the following:

- a. operational procedures for on-going outreach to potential Collectors to participate in the IPSP in order to achieve the service convenience goals required in Ordinance § 214(a)(3).
- b. development of instruction materials and reproduction templates provided to IPSP Collectors to give to county residents at the time of drug purchase and/or delivery
- c. development of social media content Kits, press release templates, radio spots, and other media tools for use in residence outreach and education
- d. pharmacy staff script development for providing county residents information on the safe disposal of Unwanted covered drugs at their location and
- e. distribution of instruction materials to county residents for mail back services in the event there are no collectors available.

VII. EDUCATION, OUTREACH & PROMOTION (continued)

B. Outreach and Support

2. Support

The current County approved Plan operates the resident facing website Medproject.org and toll free number, 800-699-7765. Inmar agrees to use the existing website and toll free number in coordination with any other approved Stewardship Organization(s). Upon approval, Inmar is committed to working with any approved Stewardship Organization(s) as required to determine a fair and equitable method in jointly meeting the requirements under the ordinance.

Alternatively, Inmar is prepared to meet the requirement and to operate a multilingual website and Toll Free Call Center in the event the current Stewardship Organization is unable. Inmar will operate a website and twenty four hour (24) toll-free call center where county residents can call to: (a) locate IPSP participating drop-off locations; (b) request Unwanted covered drug mail-back envelopes; (d) obtain general information as to the collection of Unwanted drugs works and how the Plan works; and/or (e) to get answers to miscellaneous questions regarding drug storage and disposal safe practices.

C. Promotion

1. Social Influencer Marketing

Inmar will execute robust, data-driven social influencer marketing programs that will motivate county residents to participate in the safe and secure disposal of their Unwanted covered drugs. Social influencer marketing content will focus on an array of themes centered on a combination of the following:

- Tips for the safe storage of covered drugs in the home prior to disposal.
- Educational content on Unwanted covered drugs and their impact on the environment when disposed outside of an acceptable collection method/container; and/or
- IPSP information including how to participate as a Collector and/or where to dispose of Unwanted covered drugs.

Inmar's will actively monitors social influencer marketing content for the highest "theme" performers as well as off-site media to amplify the message to this targeted group of county residents.

2. Targeted Media

Inmar's expert paid media team actively monitors social influencer content for the highest performers - looking beyond vanity metrics to focus on deeper measurements such as views and engagements. The most engaging content is promoted across social platforms as well as off-site media to amplify the message around drug take-back to a targeted cohort of covered entities.

Beyond social influencer content, Inmar will also post about the program twice monthly on our LifeInCheck™ social media channels and promote the posts with amplified media.

Lastly, Inmar can leverage our partnership with PlacelQ, an independent data and technology company that helps businesses leverage location-based insights to connect with and understand audiences, to deliver proximity-based SMART ads to covered entities. SMART ads allow ad units to be delivered to covered entities that are physically near selected locations (e.g., near a collection kiosk). More specifically, any device that routinely passes through a three mile radius of a collection kiosk location can be served ads promoting the program on commonly used mobile apps like CNN and The Weather Channel, even NFL Fantasy Football. With PlacelQ's addressable audience of 90MM households and 190MM devices across the US, content delivery can be easily scaled to drive program awareness and participation.

Inmar will provide developed a strategy for traditional media including local print, radio and television with the goal of driving awareness and participation. The strategy will include a creative brief that outlines goals, target audience, messaging and call to actions. Inmar will also provide creative advertising templates for print publications. To drive public relations impressions, Inmar will develop press release templates and perform outreach to local media. (See Appendix E – Education, Outreach and Promotion Material)

VIII. SHORT-TERM & LONG-TERM GOALS

A. Short-Term Goals

1. Commence operations 90 days after ISP approval in accordance with § 206(e)(1)
2. Secure Collector agreements to establish a minimum of ten (10) drop-off sites across the five supervisorial districts.
3. Establish mail-back services and/or hold take-back events as required under Ordinance §214(a)(2) to meet service convenience requirements in those supervisorial district(s) where Collector agreements were not executed to establish the minimum of three (3) drop-off locations.
4. Within 60 days of ISP approval, work with current approved Stewardship organization for the coordination in operating the website and toll-free number to ensure the public receives standardized safe drug disposal information.
5. Initiate Social Influencer outreach campaigns
6. Collection Amounts: Inmar estimates collection of 20 lbs. per month per collection Kiosk and 50 lbs. per Take-back event held.

B. Long-Term Goals

Inmar's Long-Term goals extend past 2021 and include the following components:

1. Continue outreach, mail-back service and/or take-back events in any supervisorial district with less than three (3) drop-off locations required under Ordinance § 418-16.214(a)(2) until the service convenience requirement has been met.
2. Continue to work with current approved Stewardship organization on coordination efforts regarding website and ensuring the public receive standardized safe drug disposal information. Specifically in the following areas:
 - Mail-back envelope request processing enhancements if needed based on first year resident and/or Collectors use analysis
 - Social Influencer and Targeted Media campaign modifications if required based on detailed analysis and collected metric data.

VIII. SHORT-TERM LONG-TERM GOALS (continued)

B. Long-Term Goals (continued)

3. Collection Amounts: Inmar estimates collection of 20 lbs. per month per collection Kiosk and 50 lbs. per Take-back event. As additional drop-off locations are established and take-back events decrease, Inmar estimates collection amounts will average six thousand (6000) pounds annually or the county.
4. On an ongoing basis, Inmar will evaluate it reach and effectiveness of its targeted media and educational outreach. Material will be revised to ensure resident awareness will all topic described in Section V. Education A. (1)-(2). A summary of the evaluation revisions will be included in the annual report.

IX. ADDITIONAL PLAN CONSIDERATIONS

A. Existing Providers of Pharmaceutical Waste Services

Ordinance § 418-16.208(h) requires a Stewardship Organization to consider the use of existing providers waste services when developing its Plan. To the extent that existing providers of pharmaceutical waste are already in operation Inmar will coordinate/work with existing waste providers where possible to:

1. create efficiencies for the county with the goal of improving convenient and equitable access for all county residents.
2. develop IPSPS branding/educational materials and collection methods that are distinguishable from current providers and clearly represent all services offered through the IPSP.
3. co-develop a “shared” informational webpage and toll-free information line accessible through all existing stewardship plan websites where county residents can access information on approved collection programs operating in the county and the collection services/locations offered by each operating program.

B. Packaging Separation & Recycling

Ordinance §418-16.208(h)(2) and §418-16.208(h)(3) requires a Stewardship Organization to consider, consider where feasible, the separating of collected Unwanted covered drugs from its packaging to reduce transportation/disposal costs and to recycle the separated drug packaging.

Under 21 CFR § 1317.75(c), collected substances in collection receptacles are not to be counted, sorted, inventoried or individually handled. For this reason, the IPSP does not include the separation of packaging and recycling of collected Unwanted Covered drugs. While separation/recycling of Unwanted covered drug packaging is not a component of the IPSP, the IPSP’s education and communication plan will encourage residents to separate/recycle Unwanted covered drug packaging prior to disposing via any of the IPSPS collection methods.

X. REPORTING

Inmar will submit an operational report to the health officer as required under Ordinance §418-16.218 within (6) months after the conclusion of the first twelve-month period of operation of the approved IPSP and annual thereafter. Submitted reports will include all operational data/information required under Ordinance §§418-16.218(a) through §418-16.218(m).

XI IMPLEMENTATION

As required in Ordinance §418-16.206(e)(1)(a) and §418-16.206(e)(1)(a), within ninety (90) days after the health officer's approval of the IPSP, Inmar will implement and begin operation of the Plan by establishing drop-off sites/ mail-back service locations and will provide public notification through postings at collection sites and advertising through local media the availability of unwanted drug collection services.

XII PLAN CHANGES

A. Substantive Changes

1. As required in Ordinance §418-16.212(a)(1), Inmar will obtain prior written approval from the health officer before implementing substantive changes to the IPSP that substantively alter the operations of the IPSP for the following changes: (a) locations; (b) number or operating hours of drop-off sites or take-back events; (c) collection methods; (d) mail-back procedures; (e) collection policies and/or procedures for Collectors; (f) required in response to federal, state, and/or local laws or regulations; and (g) IPSP operators or producers.
2. Substantive plan changes will be submitted to the health officer as an amended stewardship plan inclusive of a written explanation of the changes and any fees required by the board.
3. As required in Ordinance §418-16.206(e)(2), an approved amended stewardship plan under this section will be implemented within ten (10) business days after receiving approval from the health board.

B Non-Substantive Changes

As required in Ordinance §418-16.212(a)(2), Inmar will provide written notification to the health officer twenty (20) days in advance of implementing any non-substantive changes to the following: location of a kiosk within a retail pharmacy; (2) pre-paid envelop distribution methods; (3) contact information of the IPSP operator and/or participating producers; and (4) changes in the transporting/disposing systems used including contact information for the transporters and disposal facilities.

LIFE IN CHECK™
CONSUMER DRUG TAKE-BACK

We are proud to work with this location in support of the Consumer Drug Take-Back

Discreet, safe and responsible drug disposal is critical in the fight against the opioid crisis.

DID YOU KNOW?

197

Americans die every day from a **drug overdose**
*National Center for Health Statistics

Each day, more than

1,000

people are treated in **emergency departments** for not using prescription opioids as directed
*Centers for Disease Control and Prevention

77%

of opioid prescription medications taken by new users are obtained from a friend or relative
*U.S. Department of Health and Human Services

62%

of teens who admit taking medication for non-medical reasons say they get drugs from **medicine cabinets in their homes**
*National Survey on Drug Use and Health, SAMHSA

TOGETHER, WE CAN MAKE A DIFFERENCE!

Tell your friends and relatives about this safe drug disposal location.

For more information on safe drug storage and disposal, as well as information on additional collection options, visit rxdisposal.lifeincheck.com or call **1-800-123-4567**

CONSUMER DRUG TAKE-BACK

COLLECTION CONTAINER VISUAL INSTRUCTIONS

CONSTRUCTION, INSTALLATION, REMOVAL AND SHIPPING OF COLLECTION CONTAINER

Questions: Contact Consumer Drug Take-Back Client Service Team
take-back@inmar.com
1-800-350-0396 Option 6, Mon-Fri 8am-5pm EST

KIT CONTENTS

Each shipment contains 3 individually packaged kits with unique components to each kit.

DO NOT rearrange contents between kits.

THE KIT:

- 1 The kit will arrive in a package similar to this.
- 2 The kit will include three numbered and pre-labeled boxes.

Each kit contains one of each of the following items:

- 1 Zip Tie
- 2 Absorption pad
- 3 Inner liner
- 4 Numbered and pre-labeled box

IMPORTANT:

For every shipment – serial number on inner liner & serial number on cardboard container **MUST MATCH**.

NOTE: All direct contact with the LifeInCheck Consumer Drug Take-Back container should be performed by two pharmacy personnel.

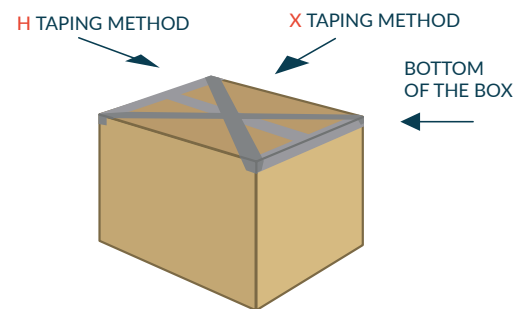

KIT INSTRUCTIONS— INSTALLING A NEW COLLECTION CONTAINER

1 Document the serial number and receipt of each inner liner on the Drug Disposal Serialization Tracking Sheet.

SERIAL NUMBERS	Date Received by (2 Signatures)	Date In Use (2 Signatures)	Date Removed (2 Signatures)	Date Shipped (2 Signatures)
Ex: 32587	4/20/19 <i>John Jones</i>	4/26/19 <i>John Jones</i> <i>Sally Smith</i>	5/26/19 <i>John Jones</i> <i>Sally Smith</i>	5/27/19 <i>John Jones</i> <i>Sally Smith</i>

2 Close and tape the box bottom. Seal the middle seam and both outside seams. Leave no un-taped spaces along the seams. We recommend 1 strip of tape across the bottom seam, 2 strips of tape over the edge seams and 2 strips of tape across the bottom of the container placed diagonally. See illustration to right.

3 Place Inner Liner into the box and fold excess material at top over box flaps.

KIT INSTRUCTIONS— INSTALLING A NEW COLLECTION CONTAINER

- 4** Tape the zip tie to the inside of the door for later use.

- 5** Place absorbent pad into the installed Inner Liner.

- 6** Install the lined box (now the “Container”) into the Collection Receptacle.

KIT INSTRUCTIONS— INSTALLING A NEW COLLECTION CONTAINER

7 Immediately document installation of Container on the Drug Disposal Serialization Tracking Sheet.

DRUG DISPOSAL SERIALIZATION TRACKING SHEET - Inner Liner Tracking Form

Serialization Tracking Sheet should be validated by 2 pharmacy employees.

SERIAL NUMBERS	Date Received by (1 Signature)	Date In Use (2 Signatures)	Date Removed (2 Signatures)	Date Shipped (2 Signatures)
Ex: 32587	4/20/19 <i>Judy Smith</i>	4/26/19 <i>Judy Smith</i>	5/26/19 <i>Judy Smith</i>	5/27/19 <i>Judy Smith</i>

8 Lock the bottom door and unlock the drop door at the top of the receptacle to begin drug disposal collection.

9 Store remaining spare kits securely for future use.

10 Use the Drug Disposal Serialization Tracking Sheet to document all “Inner Liner events.”

DRUG DISPOSAL SERIALIZATION TRACKING SHEET - Inner Liner Tracking Form

Serialization Tracking Sheet should be validated by 2 pharmacy employees.

SERIAL NUMBERS	Date Received by (1 Signature)	Date In Use (2 Signatures)	Date Removed (2 Signatures)	Date Shipped (2 Signatures)
Ex: 32587	4/20/19 <i>Judy Smith</i>	4/26/19 <i>Judy Smith</i>	5/26/19 <i>Judy Smith</i>	5/27/19 <i>Judy Smith</i>

NOTE: All direct contact with the LifeInCheck Consumer Drug Take-Back container should be performed by two pharmacy personnel.

KIT INSTRUCTIONS— REMOVING AND SEALING A FULL COLLECTION CONTAINER

Note: The total weight of the Container ready for shipping may not exceed 66 pounds in weight.

- 1 Unlock and open bottom door.

- 2 Remove full Container from Collection Receptacle. **DO NOT** sort, count or inventory pharmaceuticals or touch contents of Inner Liner prior to sealing.

KIT INSTRUCTIONS— REMOVING AND SEALING A FULL COLLECTION CONTAINER

3 Immediately seal the Inner Liner by gathering the top of the Liner.

4 Bend the gathered portion at the halfway point and fold the top half alongside the bottom half.

5 Repeat Step 4 - Again bend the gathered portion at the halfway point and fold the top half alongside the bottom half.

KIT INSTRUCTIONS— REMOVING AND SEALING A FULL COLLECTION CONTAINER

- 6** Cinch and fully tighten the provided Zip Tie around both halves of the gathered portion of the Liner to secure the top.

- 7** Close and tape the box top. Seal the middle seam and both outside seams. Leave no untaped spaces along the seams. We recommend 1 strip of tape across the top seam, 2 strips of tape over the edge seams and 2 strips of tape across the top of the container placed diagonally. See illustration to right.

KIT INSTRUCTIONS— REMOVING AND SEALING A FULL COLLECTION CONTAINER

8 Document removal of Container on the Drug Disposal Serialization Tracking Sheet.

NATIONAL PRESCRIPTION DRUG TAKE-BACK DAY

SATURDAY, OCTOBER 26, 2019

POWERED BY  LIFE IN CHECK™
CONSUMER DRUG TAKE-BACK

NATIONAL PRESCRIPTION DRUG TAKE-BACK DAY

- Unused or expired prescription medications are a public safety issue, leading to accidental poisoning, overdose, and abuse.
- Pharmaceutical drugs can be just as dangerous as street drugs when taken without a prescription or a doctor's supervision.
- The non-medical use of prescription drugs ranks second only to marijuana as the most common form of drug abuse in America.
- The majority of teenagers abusing prescription drugs get them from family and friends and the home medicine cabinet.
- Unused prescription drugs thrown in the trash can be retrieved and abused or illegally sold. Unused drugs that are flushed contaminate the water supply. Proper disposal of unused drugs saves lives and protects the environment.

TAKE-BACK PROGRAMS ARE THE BEST WAY TO DISPOSE OF OLD DRUGS.

But if a program is not available:

- Take the meds out of their bottles;
- Mix the medicines (do not crush tablets or capsules) with an unpalatable substance such as dirt, kitty litter, or used coffee grounds. This prevents theft or diversion of medicines from the trash.
- Place the mixture in a container such as a zip-lock or sealable plastic bag, and throw the container away in your household trash.

SOCIAL MEDIA

Twitter: Crafting the Perfect Tweet

Twitter is a simple way to quickly share short pieces of information. Twitter posts can be up to 140 characters in length, but 100 characters is the ideal length for maximum distribution. Including images in your tweets will make them stand out in the Twitter feed; these images should be 1084 x 512 pixels.

Facebook: Appealing to Your Audience

Facebook allows you to share lengthy posts with slightly larger images. However, longer isn't always better. Shorter posts with compelling graphics tend to receive more shares and comments than longer posts, giving you more visibility within the Facebook news feed. Keeping your Facebook posts under 100 characters is ideal. Always include a link to an article or an image. Images on this social media platform are ideally 1200 x 628 pixels.

SAMPLE POSTS

Copy and paste the following social media posts into your Facebook or Twitter to spread the word about the importance of properly managing leftover pharmaceuticals and drive people to your location. You can also combine them with some of the facts below to drive awareness of the importance of consumer drug take-back programs. Be sure to add one of the accompanying images and to fill in your location's name.

Announcing our new Consumer Drug Take-Back program to safely dispose of unused medications at OUR LOCATION.

OUR LOCATION wants to help you protect your loved ones, the community and the environment! Now you can dispose of unused meds here.

[Insert pharmacy name] announces convenient drug takeback program for leftover household medications

[CITY, STATE, TODAY'S DATE] – [PHARMACY NAME] announced today it has established a convenient medication takeback program for easy disposal of leftover, unused and out-of-date prescription and over-the-counter medications.

[PHARMACY NAME] help reduce the risk of drugs in the home that can potentially harm children, teens or adults. **[PHARMACY NAME]** has set up a secure, safe drop-off location in its pharmacy at **[ADDRESS]** in **[CITY NAME]**.

Unused medications in the home are a source of drug abuse in millions of homes, with the opioid crisis in the United States fueled in part by that availability. More than 83 percent of opioid prescription medications taken by new users are obtained from a friend, relative or others. Overall, 192 Americans die every day from a drug overdose.

"We want to provide the folks in our community with the safe, secure opportunity to clean out their medicine cabinets and make their homes and communities safer," said **[NAME OF PHARMACY MANAGER OR OWNER]** of **[PHARMACY NAME]**. "We want to remind people that they should not flush drugs down the toilet. Traces of drugs can appear in community drinking water. Our drug disposal unit, which is easily accessible in the pharmacy, is a great answer to that problem and it's simple to do. All they do is just come in, look for the big green receptacle and take it from there. Drugs can be dropped off with no questions asked."

[PHARMACY MANAGER/OWNER'S LAST NAME] said there are some things that can't be taken in the receptacle, such as inhalers and needles, but pharmacy staff will be on hand to help determine what to do. The collection receptacle will be available in the pharmacy at **[ADDRESS]**, **[DAYS AND HOURS]**.

[PHARMACY NAME] partnered with Inmar to manage this drug take back program. The company has a long history as the industry leader in handling prescription and over-the-counter drug returns safely, securely and discreetly for major and regional chain drug stores as well as independent pharmacies and hospitals across the U.S.

CONSUMER DRUG TAKE-BACK PROGRAM

FIND YOUR NEAREST DRUG DISPOSAL LOCATION

Every day in America 1,000+ people are treated in emergency rooms for prescription drug abuse and 192 die from drug overdoses. According to the National Institute on Drug Abuse 18 million people in the U.S. over the age of 12 have misused medications at least once in the past year. The opioid epidemic is impacting communities and families across the US – from rural farm towns to highly populated urban areas and across every demographic.

JOIN US AND HELP FIGHT THE OPIOID EPIDEMIC

LifeInCheck Consumer Drug Take-Back is working to help educate Americans on the dangers of leaving prescription drugs unattended in the home. From diminishing the risk of drug abuse to helping protect the environment, disposing of your medications properly makes your community a healthier, safer place. *Simply enter your city and state or zip code and search radius and we will provide a list of safe drug disposal locations in your area.*
