REPORT:

4/4/2021: This incident is currently under investigation by a number of state and federal agencies.

CCHSHMP responded to the incident as a result of a direct notification from Battalion Chief Victor Bontempo of Richmond Fire Department. The Haz Mat Team assisted the CA Department of Fish & Wildlife and US Coast Guard in locating the source of the red sheen by inspecting three businesses within the vicinity of the release and opening up storm drain grates to follow the red trail upstream. NRCES conducted the clean up of the Parr Canal on direction of the US Coast Guard to the extent it could until nightfall.

As it was mentioned previously, this incident is being investigated. This report will not be updated.

Additional Required Items: Bill of Lading, Request for Invoice, and Site Safety Plan
