	<p>up an account or schedule if have no Social Security Number. Some are not currently receiving mental health services.</p> <p><b>Response:</b> They can go thru another means with Public Health. We have opened up Mental Health Clinics for existing clients for walk in vaccinations. Some already are clients and are eligible for vaccinations. Eligible if already being seen at the clinic. Heard when vaccinations first opened up, within the first ten minutes 4,000 people tried to schedule on the Public Health website and the website crashed. Good to hear the demand for the vaccination is high and that people want to get vaccinated. Cannot answer specifically because I do not work at Public Health. Public Health indicated that as soon as they learn of the number of vaccinations to be received from the State, they schedule more vaccinations right away. Public Health is informed on a weekly basis of the allocation.</p> <ul style="list-style-type: none"> <li>• (Douglas Dunn) Will the mobile van that provides vaccinations also go Full Service Partnerships programs? Such as those programs that have housing and assisted outpatient treatment? <b>Response:</b> The Public Health Division agreed to provide the mobile vaccination team for congregate living situations where several people could be vaccinated at the same time at one location. Such as Hope House, Nierika House, Nevin House and Board and Cares Many of the elderly and vulnerable population reside in these congregate living locations. Public Health does not have the resources to send the van to individual residences.</li> </ul>

	<p><b>Comments and Questions:</b></p> <ul style="list-style-type: none"> <li>• (Jaime Jenett) Is this information shared with others for examples heads of other departments or divisions? <b>Response:</b> (Jennifer Bruggeman) This information was just completed. Will do more events in April. This will conclude the MHSA Community Program Planning. Will do a summary analysis of all events. This information will be in the MHSA Community Planning chapter of the annual MHSA Plan Update. May or June should have the draft of the Plan Update to share with CPAW. Also, when we have all that information, we will present again at CPAW. Also, we are moving into contract season. Indications are contracts will remain flat for the upcoming year.</li> <li>• (Sara Marsh) Can ensure funding and how funding is allocated is transparent for the public? <b>Response:</b> (Jennifer Bruggeman) Goal is transparency. The information is included in the MHSA Three Year Plan and in the annual MHSA Plan Updates. The Appendix to these documents have detailed financial information as well. Prior to sending to the Board of Supervisors, have multiple presentations on the drafts of the Plans. Currently the 2020-2023 Plan is posted on the MHSA website.</li> <li>• (Sara Marsh) At the beginning of COVID-19, had concerns of the impact of COVID-19 and how some MHSA funding might need to be repurposed due to the State losing funding. Hearing funding would remain steady and flat (the same) is actually good news in view of fears we had at the beginning of COVID-19. Would be nice to know how and why funds/contracts remaining at the same level. What happened to the surplus? <b>Response:</b> (Doug Dunn) What I hear from Sacramento, will not have to repurpose MHSA funds for 20-21. The issue may arise 2022-23 and affect the next MHSA Three Year Plan. (Jennifer Bruggeman) We can get Director of Behavioral Health Services (Dr. Suzanne Tavano) to speak on that topic. Realignment funds are significantly down.</li> </ul>		

TOPIC	ISSUE/CONCLUSION	ACTION/ RECOMMENDATION	PARTY RESPONSIBLE
	Unspent MHSA funds were needed to be used to fill in for these lost Realignment funds. This was a temporary one year measure. Will provide updates at CPAW meetings.		
6. Public Comment & Suggestions for Future Agenda Items	<p><b>Public Comment:</b> None</p> <p><b>Suggestions for Future Agenda Items:</b></p> <ul style="list-style-type: none"> <li>• (Doug Dunn) A possible topic. The State will be applying to the federal government for the Institute of Mental Diseases Mental Health Recovery Centers (MHRC) waiver. That will allow up to thirty days of payment for care at a locked civil facility. In order for that to happen, California and Counties must show they have adequate community services for people who step down from these type of facilities. Will talk about this with Dr. Tavano and will discuss this at the Mental Health Commission and upcoming CPAW meetings.</li> <li>• (Doug Dunn) A second topic. Suggest presentation on the recent Value Stream Mapping event.</li> <li>• (Jennifer Bruggeman) Was suggested in last couple of months we invite the new Chief of Housing, Kenisha Johnson. We did invite her but she was busy with the Rapid Improvement Event. She may be able to attend either May or June. Also, have heard that Contra Costa County is the first County in the state to offer vaccines to people ages sixteen and up. Just checking if others have also heard the same.</li> <li>• (Sara Marsh) I have also heard that as well.</li> <li>• (Robert Roman) We rock.</li> </ul>		Amanda Wehrman
