Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

I am a new resident of the city of Martinez (August 2022). I lived in Pleasant Hill for 22 years. I now live 150 feet from the fence line of Martinez Refining Company. I was directly impacted by the spent catalyst release on Thanksgiving, 2022. Since that incident, I have learned a great deal about the various types of hazardous materials manufactured/stored in our county. I have attended many city council meetings and ISO/Community Warning System Ad Hoc Committee/Hazardous Material Commission meetings to voice my concerns and offer suggestions. I want to serve on this committee because I want to make sure that we all are doing everything we can to keep residents safe and informed regarding the realities of living in a county that is refinery dense and living around other hazardous material sources. I hope to bring not only my own opinions to the commission but also those of my neighbors. I will also advocate fiercely for those without access to social media and unable to participate in the decisions that directly affect them.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

I am directly impacted by the operation of the MRC refinery. I am interested and willing to invest significant amounts of time in educating myself about the issues that come before the commission and dutifully attend those meetings. I am not afraid to ask questions. I enjoy working collaboratively with others to find workable solutions.
