

Criteria used to score applicants for the HMC internship – October 14, 2023

- What is their experience within the topic of environmental health? I looked at involvement with clubs, projects, research assignments, volunteer events, coursework, etc.
- Have they explicitly expressed interest in the focuses of the HMC? Either in an objective statement, cover letter, or in their application email.
- Are they currently studying or planning to pursue a career in environmental health? What is their current major or intended major?
