Question	Comments	Score (1 – 5)
Why do you want to join the Commission and why you would be a good choice for the Environmental Seat?		
What special skills do you bring to the Commission? Where do you see yourself fitting into the overall composition of the Commission?		
Have you worked on hazardous materials issue before? On other public policy issues? Please tell us about that experience.		
One of the criteria for this seat is that you have an understanding of, and a commitment to, the principles of Environmental Justice as defined in County Policy”. Please discuss your understanding of this issue and an example of your commitment to it.		
The Commission is consensus-oriented. What is your experience with groups in which there are diverse opinions? How have you handled situations where others’ views are different from your own?		
What issues would you like to see the Commission work on in the coming year or two?		
Can you periodically attend both the monthly Commission meeting and one monthly committee meeting if requested?		
Do you have any questions?
