that your network PCP must give you approval before you can see the other provider.

Your PCP may decide to refer you to a doctor who is a Specialist so that you can get care for a specific medical condition. Most covered services that are not provided by your PCP, such as specialty services, non-emergency hospital services, laboratory and x-ray services, need approval by your PCP. Your PCP will refer you to a CCHP specialist doctor, hospital, or other CCHP provider from whom you may receive services. If there is not a CCHP provider available to perform the medical services you need, your PCP will ask CCHP to refer you to a non-CCHP provider for the services. CCHP may not cover the service if you don't have a referral and prior approval.

#### **Language Services**

Health Plan members have the right to get medical services in a language they can understand. These rights include being able to request an interpreter free of charge. CCHP discourages the use of family members, friends or minors to interpret or translate materials.

We have interpreters available who know many languages, including sign language. If you need an interpreter, call a Member Services Representative at 1-877-661-6230 Option 2.

#### **Timely Access to Care**

The California Department of Managed Health Care (DMHC) has regulations set forth in Title 28, Section 1300.67.2.2 for health plans to provide timely access to care for our members.

Timely access standards include:

- Urgent care appointments not requiring prior authorization: within 48 hours
- Urgent care appointments requiring prior authorization: within 96 hours

1-877-661-6230, opción 2. Nuestro horario de atención es de lunes a viernes, de 8:00 a. m. a 5:00 p. m.

#### **Proveedores de referencia**

Es posible que necesite una referencia para ver a un especialista o a alguien que no sea su PCP. Una referencia significa que su PCP de la red debe darle su aprobación antes de que pueda ver a otro proveedor.

Su PCP puede decidir referirlo a un médico que sea un especialista para que pueda obtener atención para una afección médica específica. La mayoría de los servicios cubiertos que no son proporcionados por su PCP, como servicios de especialidad, servicios hospitalarios que no sean de emergencia, servicios de laboratorio y rayos X, necesita la aprobación de su PCP. Su PCP lo referirá a un médico especialista de CCHP, hospital u otro proveedor de CCHP de quien puede recibir servicios. Si no hay un proveedor de CCHP disponible para realizar el servicio médico que necesita, su PCP pedirá al CCHP que lo refiera a un proveedor que no sea del CCHP para obtener los servicios. Es posible que CCHP no cubra el servicio si no tiene una referencia y aprobación previa.

#### **Servicios de idiomas**

Los miembros del plan de salud tienen derecho a recibir servicios médicos en un idioma que puedan comprender. Estos derechos incluyen poder solicitar un intérprete en forma gratuita. El CCHP desaconseja acudir a familiares, amigos o menores para interpretar o traducir los materiales.

Contamos con intérpretes que conocen muchos idiomas, incluso la lengua de señas. Si necesita un intérprete, llame a un representante de Servicios al Miembro al 1-877-661-6230, opción 2.
